The NCRS American Heritage AwardSM application is pending.

Message from the Chairman

Dear NCRS Northeast Chapter Members,

Happy New Year 2026!

It's hard to believe that 1956 Corvettes are already 70 years old and the 66's are 60! It's amazing how their classic styling remains so beautiful and popular so many years later. And thanks to the NCRS community for preserving and restoring these works of art!

We've had a great, full year of chapter activities beginning with our Spring Judging meet at Larry Sach's facility in Brookfield, CT. Over 30 cars participated including judged cars and Duntov and Sportsman display cars. A few weeks later we hosted our Technical Session that was led by Bill Bertelli on the topic of Corvette electrical systems. Following those events we had our summer picnic at Sunset Grill, staffed our NCRS tent at the Club Corvette of CT car

show, and Corvettes at Carlisle. Weather for all three events was great this year and it was great to see so many of you at these events!

I am pleased to inform that our Northeast Chapter received the NCRS Chapter TopFlight Award at this year's Las Vegas National. Thanks to everyone who arranged, supported, and participated at our events this year. And I would like to personally thank the Northeast Chapter Board of Directors for all their great support and tremendous efforts that continue to drive our chapter forward and create great experiences for our members.

I am also very pleased to announce that Mr. Peter Martin has joined the Northeast Chapter Board of Directors as our Membership Chairman. Peter's position is effective on January 1, 2026; however, he has already made progress on various membership-related activities. Peter has several creative and fresh ideas for maintaining and growing our membership as well as enhancing communication and promoting the NCRS. We look forward to Peter sharing his ideas at our next Board of Director's and Membership meetings. Peter has recommended that Mr. Steve Quatrocelli support him in a Co-Membership Chairman capacity. Please join me in welcoming Peter and Steve the next time you see them and please give them your support as they transition into their new roles. I would also like to thank Mr. Kurt Ryder for his efforts as the former Membership Chairman for the past two (2) years. Kurt, we appreciate all that you have done for our Chapter and hope that you enjoy your new C7!

Good news - The NCRS Apparel Store for the Northeast Chapter is up and running on the NCRS National website. The link to the store is: <https://www.ncrsapparel.com/collections/ncrs-northeast-chapter>. Our store has several clothing items for men and women as well as chapter banners in three (3 sizes), hats and mugs. We've already purchased some items, and the quality is very good as it is the same as the NCRS National items.

Event planning is under way for 2026! We are finalizing plans for a 1-point Judging School and Membership meeting for March 21st at the Center Station in Bethany, CT. Further details will be provided by email. Our Spring Judging Meet and a second 1-Point Judging School will be held at Larry Sach's Brookfield, CT facility on Friday and Saturday June 19-20. Registration is open on the

National NCRS website. Planning continues for future 2026 activities including a summer picnic, road tour, and technical session which will be announced by email when planning is complete.

Remember to check the status of your membership dues. Membership dues continue to remain at \$25.00 for 2026. If you have not done so already, please remember to renew on-line via the NCRS National website www.ncrs.org or by mail using the form available in the newsletter or on our Chapter website www.ncrsnec.com. The following link is provided for your convenience <https://www.forums.ncrs.org/register/chapter-membership.php>.

If you have any ideas or recommendations for events, or would like to host an event, please bring your ideas forward to our Chapter officers. Our contact information can be found on our website www.ncrsnec.com.

Best regards,

Joe Santiso III
NCRS Northeast Chapter Chairman

A 1970 LT1 Finds a New Home

By Charles Spinaci

In the summer of 2024 Ron Goduti brought to my attention that a fellow NCRS member in New York was looking to sell his 1970 LT1 coupe in Bridgehampton blue.

In November 2024 Ronnie and I took a ride to New York on a rainy day just over the Connecticut border to look at the possibility of purchasing the car, but we could never find the right day with the right weather to go back a second time to take it out for a road test. The owner was willing to wait until the spring of 2025 for us to return for the test ride which we did in June of this year and after the car performed flawlessly and all of its

documentation checked out the owner and myself arrived at a purchase price and the car was purchased the following week and brought back to Connecticut.

My girlfriend Carol and myself intend to use the car for occasional shows and cruise nights and preserve it in the exact condition that I purchased it in this year. Without the expert assistance of Ronnie helping me in the purchase of this car it never would've happened. I'm lucky to have him as a friend all these years in the Corvette hobby

Specifications:

1970 LT1 Coupe
Matching #'s Engine and driveline
69,000 Original Miles
Bridgehampton Blue
4 spd transmission
Deluxe Leather Interior (Original)
Power Brakes
Tilt/Telescope Wheel
4:11 Posi Rear
Protecto Plate
Build Sheet
One repaint in it's original color
No Hit Body
Starter and Alternator #'s matching

New Project in Progress

By Jerry Coia

After finishing the body off restoration on my 1963 two top roadster, I was looking for another project to keep me busy in retirement. In the Fall of 2024, I did see a 1964 Coupe on Facebook and decided to call the seller. The car was completely apart and the engine was in several pieces on his shelf. It was supposedly a “numbers matching” car. The car didn’t have an interior, etc., you get the picture! He then said he was asking \$30,000! Before I went to look at the car, I suggested a MUCH lower price which he declined.

However, he did tell me about another midyear in a garage in Easthampton, CT. He didn’t know anything about the car or it’s owner as all he saw was the nose occasionally when the garage door was open. Eventually, I did find the location and the car was in a bay of garages behind an apartment complex. I did find who the owner of the property was and wrote them a letter to see if they knew anything about the owner.

A few days later (December 2024) the owner’s son called and said it was his father’s car since 1985 and the dad had since passed away. He did tell me he was unsure about selling the car, but did tell me it was a dark blue 1963 split window coupe! THEY ARE STILL OUT THERE!!! I asked if I could stop over and see the car and he agreed. Of course it was in a dark garage, but I could see “most” of the car. I took pictures of the Trim plate, VIN plate and the engine pad and sent it off to be verified. The response I got was it was an original 340 HP, Daytona Blue with a dark blue interior car. Our discussions went on for about 3-4 months and in May of

2025, he agreed to sell me the car and was pleased that I was going to do a complete body off restoration, the one his father had hoped to accomplish.

Of course, when the car came out of the garage, it wasn't half bad and ran well. Since May, I've disassembled the car and remove the one layer of paint with a razor blade! It took me about 12 hours as the paint was enamel and lacquer.

The car had a disc brake set-up all around which I took off and want to sell as I'm going with the correct drum brake set-up. The car will have power brakes and power windows when done.

I've attached a few pictures on the date of purchase, the process of stripping the car down to its "bones" and a picture of the newly sandblasted and primed chassis.

If all goes well, I should have it finished around mid-year in 2026. I enjoy the process of restoring these cars and it keeps me out of my wife's hair! Nice combination!!

NCRS Northeast Chapter Board of Directors (BOD) Meeting Minutes

By Rob Rohloff

A Northeast Chapter Board of Directors meeting was held on November 20, 2025 at 7 Del Mar Drive, Brookfield, CT. The meeting was called to order by Joe Santiso at 6:00 PM. In attendance were Joe Covais, Mike Lombardi, Jesse Meeker, Robert Rohloff, Joe Santiso, Billy Schoenberg and Jay Tansey by telephone.

Re-Cap of 2025 - Joe Santiso reviewed the events the chapter held in 2025 and how we met the requirements to continue to be a NCRS Top Flight Chapter. The only remaining tasks are our donation to a 501-3C Charity and Setup a Facebook page with one minimum posted video of an NCRS event.

501-3C Donation - It was agreed the Chapter would make a \$100 Donation to the NCRS Foundation this year to satisfy the 501-3C donation requirement.

Treasurer Report (abridged) - Jesse Meeker gave a brief update on the state of the treasury. All is good for Northeast Chapter accounts and 2025 was another positive year. Even though we lowered the dues a couple of years ago we have been able to keep costs down and stay positive. Also, we are very fortunate for the generosity of our donors/sponsors.

Dues for 2026 - It was decided by the BOD to continue the Northeast Chapter dues at \$25 per year. This has worked well in the recent past and we expect income and cost to balance. Joe Santiso took the action to send an email blast to membership reminder regarding dues payment for 2026.

Membership Chairman position - Unfortunately, Kurt Ryder stepped down as Membership Chairman. We thank Kurt for the time he put in. However, this is critical position, especially at the beginning of the year with all the dues coming in and the requirement to update the Northeast Chapter roster. Suggestions for a replacement were discussed but we need a member to step up or the chapter is in trouble. Joe Santiso took the action to speak with Peter Martin.

Events for 2026 - The below is a tentative schedule for 2026:

March 12 - Next BOD, likely at 7 Del Mar Drive in Brookfield

March TBD - General Membership Meeting and Spring Judging school, likely at Center Station, Bethany. Mike Lombardi to finalize date for judging school.

June 19 and 20 - Judging Meet and Judging School. Likely at 7 Del Mar Drive, Brookfield

August 8?? - Northeast Chapter summer picnic free for members that paid dues on time. Likely at Sunset Grill, Watertown.

September 26 - Technical Session TBD

November 8 - Holiday party TBD

Newsletter Chairman - This is another critical position we need to keep filled. Amy Covais volunteered to help Billy Schoenberg. It appears that this is a workable solution and we thank Amy for helping to keep this chapter going.

Northeast Chapter Merchandise - Joe Santiso worked with Dave Leash from NCRS apparel and made arrangements with NCRS national to sell shirts and other merchandise from their website with the Northeast Chapter logo on it.

NCRS National Code of Conduct - A preliminary copy of the new code of conduct without a letterhead or signature was obtained. This was discussed at length.

Other - Joe Covais said he may find a closet at the Brookfield facility to allow us to store chapter banner, tent, etc. Joe Santiso stated he would order a vinyl Northeast Chapter banner for display at the Brookfield facility and one for use with the chapter tent.

The Board of Directors agreed to meet 3 times in 2026 instead of only one time.

Minutes submitted by Rob Rohloff, temporary Secretary, Northeast Chapter, NCRS

Judging School & General Membership Meeting Announcement

Date: March 21, 2026

Time: 9:00 to 1:00

Location: Center Station in Bethany, CT

More detail information will come out in January but hold this date.

NCRS Code of Conduct

By NCRS National Organization

NCRS CODE OF CONDUCT

Every year, and on an ongoing basis, the National Corvette Restorers Society (NCRS) organizes and sponsors numerous judging, technical, social, and road tour events at local chapter, regional, and national levels.

The NCRS values all who participate in these events and is committed to providing equal opportunities for all participants. The NCRS is also committed to providing a welcoming, enjoyable, and harassment-free experience for all attendees at its events, including members, guests, staff, exhibitors, vendors, and speakers.

In order to facilitate these goals, the NCRS has adopted this binding Code of Conduct that applies to all attendees at all NCRS events over the duration of each event. The NCRS expects all members and other attendees to behave respectfully, ethically, honestly, and fairly with one another in accordance with this Code of Conduct.

Because the NCRS promotes a culture of integrity, honesty, equity and fairness, the NCRS will not condone or permit harassment in any form, whether physical or verbal, at its events. All attendees at NCRS events are expected to follow this Code of Conduct.

Failure to follow this Code of Conduct may result in expulsion from an event without refund, prohibition from attending future events, suspension of membership, or expulsion from the NCRS.

Northeast Chapter Judging Meet

RON GODUTI (8076)

For sale: 1996 Corvette convertible with 40,000 original miles. It has a white exterior, white convertible top, and a striking red leather interior. Car is loaded and includes a white hard top, and automatic transmission. It is in excellent condition as a result of it being meticulously maintained. It is driven an average of only 500 miles a year and I change the oil/filter every other year. This car has never been in an accident and still retains its original factory paint. It has never been driven in inclement weather and has always been stored during the winter months. Car has new tires, new serpentine belt in the interest of preventive maintenance, new battery, and recently an oil/filter change. Car was sold new in Connecticut by Grody Chevrolet. Runs strong and is very dependable. \$19,500 OBO - Contact Ron for photos and more information.

NOS Parts for sale - (203) 530 - 0510 or RgodutiLT1@yahoo.com

JESSE MEEKER (65121)

If your C-4 that has everything does not have a hardtop, it does not have everything. But keep in mind that the build sheet will show if it left the assembly with or without. A mint (two paint chips on the trailing edge) Chevrolet hard top for an 1989 and later C-4 roadster. Color black. It will fit the earlier C-4s with an adopter kit. The glass window does have a date for a 1993, the unit is in storage off site, but I can supply that date given a bit of time. Asking \$1,700.00.

Also have an adopter kit as mentioned above. This includes some castings, a windshield trim piece with the appropriate holes in the right places and some other stuff. It is missing the instruction sheet and one of the wires for electrical connection for the defroster. Otherwise it is complete, to the best of my knowledge. I did install the kit on my 1987 roadster and it worked out well except the missing wire did not allow me to test the defroster. Looked good, but the person that purchased the car did not want the top. Asking \$350.00.

Phone number 203-794-0551 with answering machine - leave number, will call back. Caller ID is not working well. email jessmeeker@aol.com.

I have a used pair of 1991 mufflers in good used shape but with too much black paint that I am willing to trade for one 1988 NOS muffler, right side, number ending in 136.

Services Offered

RON GODUTI (8076)

Pre-purchase inspection service. Will travel. All components, numbers, and dates of the vehicle are inspected to ensure their originality and if are found to be typical factory production or not. A several page word document covering exterior, interior, engine/compartment, chassis, and operations is available to perspective buyers for their review of my findings. This report also determines condition, identifies aftermarket parts, and overall quality of the vehicle. Also matching buyers with sellers to find the right Corvette for your budget. I have been involved in the Corvette hobby and possess real hands on experience for just north of four and a half decades. I am a Master Judge in one organization and am a Benchmark Judge in another venue. Having owned approximately 30 Corvettes, performed/consulted on numerous high dollar restorations, given restoration seminars/factory procedures for over 30 years, have done research with factory personnel, and have bought and sold more Corvettes than I can remember. If interested, please contact: Ron Goduti at: (203) 530 - 0510 or RgodutiLT1@yahoo.com. Thank you for your consideration. Member # 8076.

MIKE LOMBARDI (9525)
